

**TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE**

**FISCAL NOTE**

**SB 759 - HB 1240**

March 4, 2009

**SUMMARY OF BILL:** Decreases, from two to one, the required number of phone call attempts made by an alarm system monitoring agency to the system user to confirm the legitimacy of an alarm signal.

**ESTIMATED FISCAL IMPACT:**

**Increase Local Expenditures – Not Significant**

Assumptions:

- Decreasing the number of required calls made to alarm system users will have no impact on regulatory activities of state and local governments.
- The number of unnecessary police responses, as a result of reducing the number of attempts made by the alarm system monitoring company to confirm an alarm signal, could increase. This increase is considered not significant.
